

YOGITA VERMA

FRONT-END WEB DEVELOPER

PROJECTS

Web App Dashboard

Web App Dashboard is a web-dashboard with JavaScript driven charts and graphs. Built using HTML5, CSS3, jQuery and Chart.js library.

Employee Directory

Employee Directory uses Random user generator API to generate random users and their details. Clicking the user would popup a modal with more information.

Interactive Video Player

Interactive video player is a HTML5 video player built from scratch using HTML5 Video API, CSS3 and JavaScript.

Wheel Of Success

Wheel Of Success is a browser version of a word guessing game where player would try to guess a phrase by clicking letters from an on-screen keyboard.

Interactive Form

Interactive form uses JavaScript to enhance the form by adding interactivity like providing helpful error messages when the user enters invalid information into the form fields.
